ANALYSIS DIVISION
PLANS & POLICY STAFF

PLANS

1. Review, analyse, and prepare drafts of NSCID's to reflect the Director's comments relative to the Dulles Committee report. (Preliminary drafts of NSCID #1 and #3 have been submitted and are under review by the Chief S/PP.)
2. Review, analyse, and prepare drafts of those DCI's affected by any approved changes in NSCID #1 and #3.
3. Review, analyse, and recommend ORE policy with reference to:
 - (a). Public Affairs Overseas Program.
 - (b). External Research Program.
 - (c). International Communism.
 - (d). Intelligence Support to Non-IAC Agencies.
4. Review, analyse, and recommend the organization of ORE regional and functional branches, groups, and staffs on the basis of need as determined from current operations and in the interest of intelligence production. This project is viewed as assistance to the chief of the component, in the discharge of his responsibilities, in lieu of the imposition of a standard or arbitrary internal organization for reason of uniformity.
5. Review, analyse, and determine ORE responsibilities to:
 - (a). IAC Agencies
 - (b). Non-IAC Agencies
 - (c). Offices within CIA.
6. Review, analyse, and recommend the functions of ORE components to insure complete coverage of ORE responsibilities. To determine gaps and duplications in the functions of ORE components and to recommend corrective measures.
7. Review and analyse the functions of the governmental agencies to insure the utilization of source material to the extent possible within security limitations and restrictions.
8. Review, analyse, and recommend those Operating Procedures required to activate an ORE policy or to comply with directives of higher authority.
9. Impliment directives as required to activate a policy applicable to ORE or to a component of ORE.
10. Review and analyse the working relationships of ORE with:
 - (a). Other offices of CIA.
 - (b). IAC Agencies (through OCD).
 - (c). Other government agencies.
